

HOVDE FOUNDATION

2016 ANNUAL REPORT

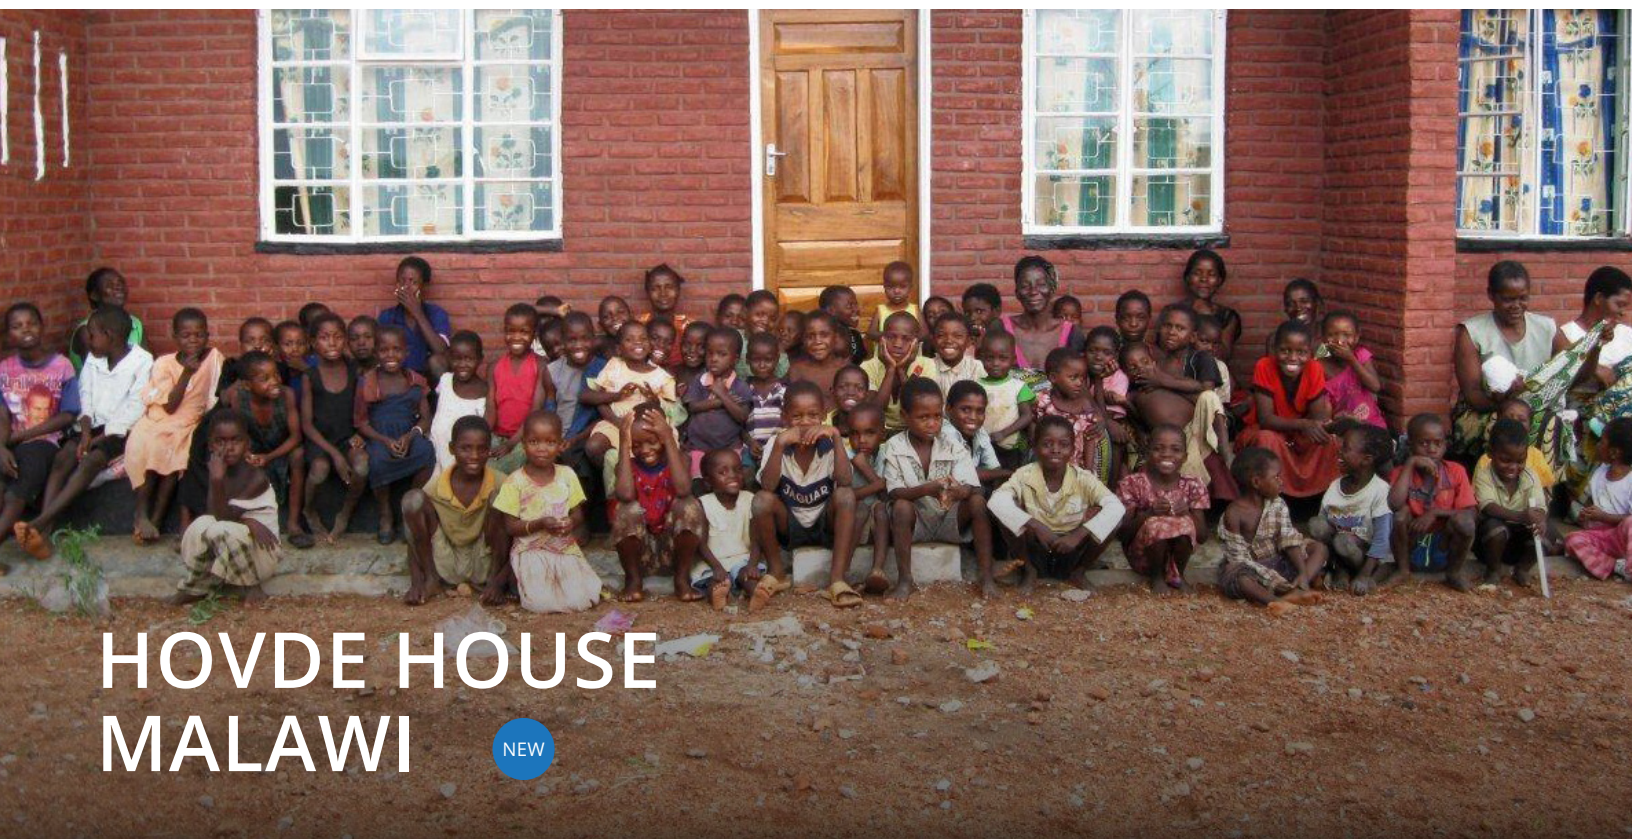

Building hope.
Bringing change.
Loving the world's most
vulnerable children.

Our Mission

- Building Hovde Homes - shelters for vulnerable children
- Funding research towards a cure for multiple sclerosis

Our Vision

There is nothing more beautiful than the smile of a child who knows he is safe, valued, and loved. Our vision is to restore vulnerable children who have faced abuse and exploitation, so they can smile again.

HOVDE HOUSE MALAWI

NEW

**Salima, Malawi | Operated by Global Orphan Project |
Opened this year**

After years of service and saving, Peter and his wife, Emma, opened Pothawira in 2013. Pothawira (meaning “Safe Haven” in Chichewa) is a rural community that includes a medical clinic, church, school and orphanage located near their home in Salima. More than 200 people visit the clinic each day. Almost 300 children attend the kindergarten through eighth grade classes during the week, and the same building doubles as a community church on the weekends. There are over 100 orphaned and vulnerable children live there as well.

The children’s homes at Pothawira provide holistic family-based care. Each family includes a house mother and 10-12 children of varying ages that live in duplexes. Five duplexes were originally constructed to house 100 children. Those numbers quickly rose to 113.

Due to such overcrowding, the Hovde Foundation partnered with the Global Orphan Project in 2015 to build an additional duplex. The 6th duplex was completed this year, allowing for 120 children to call Pothawira home and receive the love and care they need to thrive.
